Mr. R.W. Koch

Dear Mr. Koch:

Thank you for your letter of 9 July 1972 regarding the 9mm "Liberator" pistol.

STATOTHR

We have no first hand knowledge nor can we document that there was a 9mm Liberator. The rumor, as we hear it, is that there were several built on a prototype basis. We understand that Mr. Norman Strebe, 
 may have some knowledge on this subject.

STATOTHR

Sorry that we cannot be of more help to you in this matter.

Very truly yours,

H.P. WHITE LABORATORY
